

Refresh thrives on exceeding customers` expectations. Refresh do not just fit your kitchen, we have a keen eye for detail. We go that extra little way with personal finishing touches which will be unique to your kitchen only. This applies to our work with kitchens, bedrooms and bespoke storage solutions.

These rustic knotty oak style glass cabinets were finished off beautifully by adding these bespoke hand made pilasters

Hand built overhead canopy housing extractor fan, constructed from timber and hand painted to blend in with current décor. Can be built to any design. An ideal solution for range cookers and AGA's, where concealing a modern extractor is desired.

Building this pitched fascia over the glass cabinets finished off with decorative cornice made these glass wall cupboards even more of a feature upon entering the room.
